

Chris Dunsky

Not every HART hero has been to Haiti, like “SUPER HART HERO” CHRIS DUNSKY.

Chris has been one of the most powerful proponents of HART from the very beginning in 2010.

He was asked to supply legal advice and wisdom by Father Muma - the priest who first envisioned HART.

Chris not only said yes, but has remained at the helm of the HART organization ever since.

Chris drafted documents enabling HART to be a legal charity - and in 2012, HART was recognized as such by the United States Government.

Chris served as HART’s first Chairman of the Board and provided selfless leadership for most HART’s first 10 years. He stills serves on the Board and chooses many of the hardest tasks involved in keeping HART most efficient in helping our friends in Haiti.

Chris has also been amazingly generous with time, talent and treasure - giving deeply according to his compassion for the Haitian people who so need our help.

HART is very proud of Chris, and we love him a lot. We are proud to announce Chris as our newest HART HERO!
